

THE NATURAL GENETIC ADVANTAGE FROM BIRTH TO PLATE

Maximize your return
on investment this
fall. Make sure you're
feeding Limousin.

LIMOUSIN

THE MOST PROFITABLE CALVES YOU CAN FEED THIS WINTER.

“

With the rising cost of production, it has never been more advantageous for operators to capitalize on Limousin genetics – improving feed efficiency, live weight gain, dressing percentage and yield grade, without sacrificing tenderness. Their ability consistently meet targets in both the branded and commodity beef markets makes them the most profitable calves you can feed this winter.”
