

# Introducing - The Limousin Feederfax Listing

Welcome to the newest feature of the Canadian Limousin Association. The Commercial Feeder Fax. This Fax sheet, once completed by the cattleman, and submitted to the CLA, is posted on the CLA website commercial page for viewing. This exposure will allow for Auction Markets, Feedlots, Order Buyers and fellow cattleman to view your feeder offering. It is then their responsibility to contact the owner of the cattle on offer.

As an added feature the CLA will forward your fax to the Auction Markets in your target area.

The CLA has launched this free service extension for commercial cattleman with Limousin influenced cattle to gain additional exposure in opportune markets.
